

GET HELP PAYING FOR HEALTH CARE

Gifford has a Financial Assistance Program to help you afford the care you need.

We give free and low-cost care to people who qualify. Our program is for people who are uninsured and people who have insurance with out-of-pocket costs. It can be used for ongoing care and emergencies. The care must be medically necessary for your health.

WHO CAN GET FINANCIAL ASSISTANCE AT GIFFORD*?

- You must be a “Vermont resident.” This includes students, people who are employed in Vermont, undocumented immigrants, and people who live in Vermont but do not have housing.
- Your income must be less than the limit. There are different income limits for free and low-cost care. (See below.)

**Gifford refers to Gifford Health Care (GHC), a Federally Qualified Health Center (FQHC), and Gifford Medical Center (GMC), a Critical Access Hospital. Gifford Health Care provides primary care, psychiatry and counseling. Gifford Medical Center provides hospital services, specialty services, and lab and radiology services.*

INCOME LIMITS

Find your household size and income on the charts below. For most people, your household size will be the people listed on your taxes. If you make too much money for free care, you might qualify for low-cost care.

FREE CARE

You could get free care (pay \$0) if your household income is below 250% of the Federal Poverty Level. In 2024, your income would need to be less than:

CATASTROPHIC CARE

Ask us about catastrophic care if you owe the hospital a lot of money, but your income is too high to qualify for free or low-cost care. This program is for people with income that is less than 600% of the Federal Poverty Level and who owe more than 20% of their yearly income to the hospital for out-of-pocket costs. We can help you figure out if this could help.
